

# Third Annual Southside Atlanta O&P Symposium

**AUGUST 24, 2019**

Fairfield Inn & Suites  
825 Highway 138 West  
Stockbridge, GA 30281

## PRESENTERS:

Laura Scott, PT, DPT  
Dr. Adam Cochran  
Wade Bader, LCPO  
Barry McCoy, Med, CPO  
David Cekovsky, LCP

**EARN: 8.0 CONTACT HOURS**

## WHO SHOULD ATTEND:

PTs, PTAs, OTs, OTAs, RNs, and other healthcare professionals who work with orthotic and prosthetic patients.

## SYMPOSIUM GOAL:

To educate healthcare professionals on the advancements in the field of orthotic and prosthetic care, technology, and research. Attendees are sure to leave with ideas on how to integrate learning into immediate care opportunities for their patients.

## AGENDA\*

- |                   |   |
|-------------------|---|
| 7:30 to 8:00 AM   | Registration and Check-In   |
| 8:00 to 9:00 AM   | Physicorp "Pain Options for Amputee Patients" - <i>Laura Scott, PT, DPT</i>   |
| 9:00 to 11:00 AM  | Peripheral Nerve Injuries: Presentation, Diagnosis, Treatment and Rehab - <i>Dr. Adam Cochran</i>                       |
| 11:00 to 11:15 AM | Coffee Break  |
| 11:15 to 12:30 pm | Maximizing the Benefits of Carbon Fiber AFOs Using Dynamic Energy Return<br>- <i>Wade Bader, LCPO, Kinetic Research</i> |
| 12:30 to 1:00 PM  | Lunch Break   |
| 1:00 to 3:00 PM   | Scoliosis Orthotic Treatments - <i>Barry McCoy, Med, CPO Spinal Tech</i>  |
| 3:00 to 3:15 PM   | Coffee Break  |
| 3:15 to 4:45 PM   | Clinical Benefits of Biomimetic Hydraulic Ankle Control - <i>David Cekovsk, LCP, Endolite Blatchford</i>                |
| 4:45 to 5:00 PM   | Questions and Answers and Closing   |

\*tentative agenda, subject to change

## PRESENTERS:

### Wade Bader, LCPO

Wade Bader received his Bachelor of Science in Prosthetics and Orthotics from Florida International University. Upon graduation, he founded Bader Prosthetics and Orthotics (Bader P&O), and has since evolved into a clinic specialized in lower extremity appliances that are fabricated using carbon composite material. Bader P & O now operates as the Clinic at Kinetic Research, and offers a full line of composite orthotics, both custom and pre-fabricated, exclusively for the lower extremity. Wade is also a member of the American Academy of Orthotists and Prosthetists (AAOP), the American Orthotics and Prosthetics Association (AOPA), and the National Association for the Advancement of Orthotics and Prosthetics (NAAOP).

### David Cekovsky, LCP

David Cekovsky is a Clinical Specialist at Endolite, a Blatchford Company. Prior to joining his team, David gained valuable education and experience in prosthetics in California, Colorado, and Florida, and made it his goal to first and foremost focus on patient care with quality outcomes. He is dedicated to heightening patient's prosthetic experiences and increasing their quality of life through assistance, support, and education.

### Dr. Adam Cochran

Adam Cochran is a Hand and Upper Extremity specialist at Athens Orthopedic Clinic who treats injuries such as fractures, nerve injuries, Carpal Tunnel Syndrome and more. At AOC's Surgery Center in Loganville, Dr. Cochran performs CMCR, Arthroplasty surgeries, Carpal Tunnel releases, fracture work, and other upper extremity procedures.

### Barry McCoy

Barry McCoy holds a Bachelor of Science degree, and Master's degree in education from Springfield College. He then went on to become an Assistant Professor of Biomechanics at both Bethany Collage and Lock Haven State College (now Lock Haven University) in Pennsylvania. He completed his prosthetic education at Northwestern University, and his orthotic education at New York University.

Barry has over 30 years of expertise in orthotics and prosthetics, including five years with National Orthotics & Prosthetic Corp (NOPCO) and twenty years with Northeast Orthotics & Prosthetics at Rhode Island Hospital. He is now the President of Custom Composite Mfg in Cranston, Rhode Island, and holds five U.S. patents on orthotic devices, including the Providence Nocturnal Scoliosis System. Custom Composite Mfg is a manufacturer of pre-preg carbon fiber products for the O&P industry.

### Laura Scott, PT, DPT

Laura Scott is currently serving as an Outpatient multi-site clinic director, physical therapist, and lecturer specializing in amputee rehabilitation and leadership. Laura maintains a full patient case load while overseeing daily clinic management including budgeting, marketing, program development, and YOY growth while striving for maximal EBITDA performance. In addition to her clinical roles, Laura enjoys lecturing for post-graduate programs and professional continuing education while serving as mentor for others in the physical therapy profession. She provides innovative, cutting edge, and evidence based treatment solutions for patients and students while leading and developing a team of clinicians and support staff for optimal patient experience.

## QUESTIONS/CONCERNS
