

*Hanger Clinic*

# CONTINUING EDUCATION PROGRAM

*Empowering Your Healthcare Team*

Our commitment to improving patient outcomes drives us to collaborate with thousands of medical professionals nationwide. Join our community of learners by attending one of our courses, and earn credit while gaining the knowledge and resources you need to make informed, data-driven decisions for your patients.

## EVIDENCE-BASED COURSES

Each of our courses provides information on clinical conditions, diagnoses, treatments and care pathways for your prosthetic and orthotic patients.

## EXPERT INSTRUCTORS

Our team of over 1,500 clinicians has treated more orthotic and prosthetic patients than any other provider. This unmatched experience will bring your team the latest research and clinical practice guidelines to improve patient outcomes.

## COLLABORATIVE LEARNING

Our courses are designed using an interdisciplinary approach, allowing your healthcare team the opportunity to collaborate and share learning experiences.

*See reverse for our current course offerings.*

# 2019 COURSE LIST

Each of our courses provide information on clinical conditions, diagnoses, treatments and care pathways for your prosthetic and orthotic patients.
