COURSE PRESENTER & CREDENTIALS

COURSE SUMMARY

This session will focus on the key components of the preoperative and postoperative treatment plan for the upper limb amputee, with a focus on TMR. The session will provide technological updates in prosthetic solutions and surgical techniques; and how to integrate these new technologies into daily activities for upper limb prosthetic users. Course topics will include nerve actions in response to differing amputation levels; pain management; psychosocial interventions; and donning and doffing procedures. This course will also ensure the attendee understands patient and output research trends, and more specifically, how health care teams can collaborate with physicians and patients alike to improve patient care for this traditionally under-served upper limb population.

SPEAKER

Amy Todd, OTR/L, CHT, Hanger Clinic

AUDIENCE

Allied Health Professionals

TOPICS

- Physician Team Training on UL Prosthetic Protocols
- Goals & Expectations
- Therapy Protocols

COURSE LEVEL

Introductory

OBJECTIVES

Upon completion of this program, learners will be able to:

1. Articulate the individual roles of the team members in the TMR process;
2. Demonstrate the pre and post op treatment plan including the rehabilitation protocols;
3. Identify the importance of outcome measures and long term follow up associated with a positive prosthetic outcomes.

CONTINUING EDUCATION REQUIREMENTS

All attendees are required to be present the entire session, signing in at the beginning and out at the end of the course. Throughout the presentation, learning outcomes will be assessed through instructor interaction and the attendee's participation and verbal responses to Q&A, unless a written assessment is required by an applicable approving State Board or Organization.

SPECIAL REQUESTS

Hanger Clinic strives to make our learning environments fully accessible and want to provide our guests with an opportunity to identify special needs in advance of the course. Please contact your course coordinator.

PLEASE NOTE: If course tuition is required, see the course flyer for the policy on fees and cancellation charges. If Hanger cancels for any reason, a full refund of the course tuition paid to Hanger will be given.
